

**Department of Primary Industries, Parks, Water
and Environment**
**APPLICATION TO OBTAIN A COPY OF, OR AN EXTRACT
FROM, THE REGISTER OF DAMS & DAM PERMITS**

Use this form to request the Department search the Register of Dams and Dam Works Permits for records of either Dam Works Permits issued to a particular person, company or partnership or for dams on a particular property.

This information is available to the public through the <https://maps.thelist.tas.gov.au/listmap/app/list/map> web site then selecting the three layers for "Dam Permit Locations" under Primary Industries/Farming.

- Blue dots represent existing dams that the Department has confirmation that a dam has been built;
- Yellow dots identify where a dam works permit has been granted but the Department has not received confirmation from the Permit holder that the dam has been built or not;
- Grey dots identify where a permit may have been applied for but was either subsequently withdrawn or refused, or where a dam has failed or where a dam has been enlarged and superseded by a new dam

There are extensive details on the dam works permitting process and dam safety requirements on the Department's web site at: <http://dpiuwe.tas.gov.au/water/dams>

If you go ahead with completing and submitting this form you will receive a letter from the Department providing details of any records in the Register of dams and dam works permits with information on the recorded capacity of the dam, the year the permit was approved or the dam was built (if available) and the assessed consequence category of the dam.
