Disclosure of interests

A member of the Marine Farming Planning Review Panel (Panel) has a statutory requirement under the *Marine Farming Planning Act 1995* (the Act) to disclose the nature of any interest that would conflict with the proper performance of the member's duties in relation to a matter being considered or about to be considered by the Panel. Where such a conflict arises, the Act requires that the member must disclose the nature of the interest at a meeting of the Panel. A disclosure is then required to be recorded in the minutes of the meeting and the member must not, unless the Panel determines otherwise, take part in any decision of the Panel in respect to that matter. Further, for the purpose of making a determination by the Panel, a member who has a direct or indirect pecuniary interest in the matter, must not take part in the determination [Schedule 2 – Membership of Panel, s.6 (see excerpt below)].

Errata – Appendix B was amended 12 Apr 2019 to clarify that Ms Cherrie and Prof Nowak had resigned prior to the Panel's final determination
