Application for inclusion as a Remotely Sensed Data provider for the Tasmanian Imagery Program's Multi-Use List

The Department of Primary Industries, Parks, Water and Environment (DPIPWE) intends to establish a multi-use list of pre-qualified suppliers for the purpose of obtaining Remotely Sensed Data for the Tasmanian Imagery Program, which is managed by Lands Tasmania – a Division of DPIPWE.

The multi-use list will be used for multiple procurements of Remotely Sensed Data as and when required. Registration on this list does not guarantee any exclusivity or orders for services.

The multi list will be reviewed annually, and applications for registration will be open to any supplier at any time in the interim.

Suppliers included on the list will be deemed to have satisfied the conditions for participation. Only those suppliers listed will be invited to provide quotations for services or be requested to participate in a selective tender process.

In order to be considered for the Multi-Use List (MUL), please complete the details below.

This application and the following requested documents will be used to assess suitability for inclusion on the MUL and the category of services your company can provide.

Company Details

Company Name	
Street Address	
Postal Address	
Phone Number	
Fax Number	
Email	
ABN	

Contact Person	
Phone	
Mobile	
Email
