Are you interested in becoming a volunteer wildlife rehabilitator?

WILDLIFE RESCUE – REHABILITATION – RELEASE SKILL SET

Next program at Bonorong starts soon!
Saturday 12, 19 and 26 October 2019.

This course is designed as an introduction to the specialised skills and techniques involved in home-based wildlife rehabilitation of Brushtail possums, Pademelons and Bennett’s wallabies.

It is suitable for beginners and will prepare you to provide the best outcomes for wildlife in your care.

In this course, you will learn to:
- research and provide information on animal products and services such as enclosure design, health issues and nutrition
- care for orphaned native wildlife, including correct feeding techniques for marsupials.

UNITS:
- ACMCAN311 – Care for Young Animals
- ACMSP303 – Provide Basic Care of Common Native Mammals

COURSE DURATION AND LOCATION

This course runs over three days, from 9.00am–4.00pm.

You will also need to allow study time to complete assignments and practical activities.

This program will be conducted at the Bonorong Wildlife Sanctuary, 593 Briggs Road, Brighton – approximately 24km drive from Hobart.

WHAT TO BRING

Pen and paper, morning tea and lunch (tea and coffee provided).

RECOGNITION OF EXISTING SKILLS

When you apply to train at TasTAFE you can ask for recognition of previous VET in schools, work or study experience. This is called Recognition of Prior Learning (RPL). Enquiries regarding eligibility for recognition should be made at the time of enrolment.

COST

Fees are $150 for full fee students, plus $40 materials.

REFUNDS

Students are not eligible for a refund if they withdraw from the course after completing a unit or after undertaking more than 20% of the course.
