

## List of native, extant and regularly occurring vertebrates recorded from the WHA

### Legend:

Endemic: e – endemic species; es – endemic sub-species;  
 Listing on the Tasmanian *Threatened Species Protection Act 1995*: R – rare, V – vulnerable, En – endangered;  
 Proportion of Tasmanian distribution in WHA: entire – all records within WHA; majority – >75% of records within WHA; part – ≤75% of records within WHA;  
 Distribution in WHA: r (restricted) – ≤5 records; w (widespread) – > 5 records typically located in different parts of the WHA;  
 Unnamed marine species taken from Gormon *et al.* (1994).
